Product Description

When it's time for a snack, skip the chips, candy and cookies and reach for something better. Chobani "Flip" snacks are sure to satisfy with creamy 1.5% low-fat Greek Yogurt and a side of indulgent mix-ins for natural crunch. With over 20 carefully crafted varieties there's a Chobani Flip flavor for you no matter what craving hits. Chobani Flip Almond Coco Loco combines the flavor of our famous strained Greek Yogurt with honey roasted almonds and dark chocolate chunks. Simply tumble them together to make a candy bar you can eat with a spoon.

From The Manufacturer

The Snack That Bends Over Backwards

Dark chocolate and honey roasted almonds pair perfectly with protein-rich, coconut Chobani Greek Yogurt.

Protein-packed, perfectly portioned, ready to eat.

Creamy Greek yogurt packed with protein and topped with crunchy mix-ins.

How We Make Our Product Matters

A Great Protein Source

We've been on a mission since day one: to provide better food for more people. We use an authentic straining process which makes our yogurt extra thick and creamy, giving it twice as much protein as regular, unstrained yogurts* (see product chart for specific protein content information).

*Chobani Greek Yogurt: avg. 12g (24% DV) protein per 5.3 oz (150g) serving; regular (non-fat or low-fat) yogurt avg. 6g (12% DV) protein per 5.3 oz (150g) serving.

Natural Sweeteners

We're committed to making delicious food using only natural ingredients, including our sweeteners, proving sweet can be good for you, too. Our natural sweeteners include pure raw honey, evaporated cane sugar, and fruit purées like strawberry, blueberry, peach, and more.

Animal Care And Local Milk

What's good for the cows is good for us. Since the beginning, Chobani has sourced milk from cows not treated with rBST.^{††} All of our fresh milk is sourced from local dairy farms.

^{††}According to the FDA no significant difference has been found between milk derived from rBST and non-rBST-treated cows.

Non-GMO Ingredients

The fresh milk we use to make our yogurt is not genetically modified. We conduct testing by a third party, one of the leading international food testing organizations, EuroFins, to further verify that there has been no cross-contamination across our supply chain or our ingredients.
